Each year The Dennison Railroad Festival selects a Queen and Court to represent our festival and community at other festivals and events around the State of Ohio. The Queen will reign for a period of one year. She will have the opportunity to travel, learn about other communities in our state, meet many new friends, and gain experience speaking in public as she shares with others information about our festival. No special talents are required to be our representative. The Queen's Contest consists of a meal with a panel of 3 judges, a private interview with the same judges, and a 2-3 minute speech on stage.
